Subject: Sustainable Communities Strategy – Employment Trends Analysis

Date: May 27, 2011

Executive Summary

MTC and ABAG staffs are working on the analysis of employment trends to inform the Alternative Scenarios of the Sustainable Communities Strategy (SCS). Staff will present a preliminary assessment of past employment trends, a comparison of projected trends from various sources, and revised data on current employment location patterns.

Recommended Action

At the June 1st Regional Planning Committee (RPC) meeting, staff will seek committee input on preliminary strategies to address employment distribution patterns in the SCS.
