

The last workshop identified information sources that may be useful to Task Force members and participants. Here is a brief listing of those sources:

Facilitator Greg Bourne described the Proposition 50 grantmaking process. That information can be found on the Dept. of Water Resources web site at: <http://www.grantsloans.water.ca.gov/>

The California Bay Delta Authority routinely provides updates on program developments. These can be found at their web site: <http://calwater.ca.gov/Newsroom/Newsroom.shtml>

Supervisor Barbara Kondylis referred to ABAG GIS maps.

For copies of the 2003 General Assembly Report on Task Force activities (including water retailer survey results, water retail map and regional groundwater map), feel free to e-mail or call Kathleen Van Velsor at 510-464-7959 KathleenV@abag.ca.gov.

Water Management Subcommittee working and discussion documents, Ecosystem Restoration Subcommittee materials, and Legislative/Governance correspondence can also be obtained by calling or e-mailing Kathleen.

Councilman Mackenzie referred to the Ahwanhee principles at the Local Government Commission website. Those can be found at: <http://www.lgc.org/environment/index.html>

Note that there are 2004 revisions proposed by Marth Davis related to water that are forthcoming from LGC.

The Association of California Water Agencies routinely publishes CalFed/Delta Authority updates at <http://www.acwanet.com/issues/calfed/index1.asp>.
