REQUEST FOR QUALIFICATIONS

Communications Strategy and Support

I. Introduction

The Association of Bay Area Governments (“ABAG”) announces a Request for Qualifications (“RFQ”) for communications strategy and support services for the San Francisco Bay Area Regional Energy Network (“BayREN”). The services will be provided in calendar year 2015 under the direction of the Program Administrator. The BayREN is a regional energy network comprised of the nine-county member governments of the ABAG geographic region.\(^1\) Additional information about the BayREN may be found at our website, www.bayren.org.

II. Intent and terms of RFQ

ABAG is seeking individuals or firms that qualify for communication strategies and execution related to the value and successes of BayREN. Firms or individuals must demonstrate they meet the listed Minimum Requirements in order to be eligible for qualification under this RFQ.

ABAG’s objective for this RFQ is to select Proposer(s) to provide a strategy to communicate the efficacy of BayREN. ABAG encourages Proposer(s) to partner with other firms or parties if necessary to cover all of the elements of this RFQ.

ABAG intends to negotiate cost effective agreements with responsive and responsible firm(s) on an as-needed basis, but retains the right to contract within its sole and absolute discretion. Firms selected are not guaranteed a contract.

ABAG will select the most qualified and responsive Proposer(s) with whom BayREN program staff will commence contract negotiations. If a satisfactory contract cannot be negotiated in a reasonable time with the selected Proposer, then ABAG, at its sole discretion, may terminate negotiations. ABAG may open negotiations with the next highest ranked Proposer(s) until a satisfactory contract is negotiated, or terminate this solicitation. ABAG, at its sole discretion, has the right to approve or disapprove any staff person assigned to its projects before and throughout the contract term. ABAG reserves the right at any time to approve, disapprove, or modify proposed project plans, timelines and deliverables, provided that all modifications are within the scope of services sought by this RFQ.

The selection of any Proposer for contract negotiations shall not imply acceptance by ABAG of all terms of the proposal, which may be subject to further negotiation and approvals before the ABAG may be legally bound thereby.

\(^1\) ABAG’s county members include Alameda, Contra Costa, Marin, Napa, San Francisco, San Mateo, Santa Clara, Solano, and Sonoma Counties. The BayREN Coordinating Circle, which leads the governance of the BayREN, is comprised of one representative from each county. Alameda is represented by StopWaste; Solano through City of Suisun City and Sonoma is represented by the Sonoma Regional Climate Protection Authority.
III. BayREN

BayREN is a collaboration of the 9 counties that make up the San Francisco Bay Area. Led by the Association of Bay Area Governments (ABAG), BayREN implements effective energy saving programs on a regional level and draws on the expertise, experience, and proven track record of Bay Area local governments to develop and administer successful climate, resource, and sustainability programs. BayREN is funded by California utility ratepayers under the auspices of the California Public Utilities Commission. One of only two Regional Energy Networks in the state, BayREN represents 20 percent of the state’s population. Originally approved as a pilot for 2013-14, funding has been extended until superseding direction by the CPUC. At a minimum, funding is extended through 2015.

BayREN’s portfolio of programs has been very successful as measured by the number of completed projects and reach. The multifamily program, for example, has outperformed other multifamily energy upgrade programs in California by a factor of three to four. BayREN seeks assistance developing a strategy for communicating our value and success. We have many stories to tell. We need help communicating them.
