I. OVERVIEW

The City of San Pablo is requesting proposals for an on-call firm to provide Building Official, commercial inspection, and Building plan check services on an as needed basis. Services could include plan check review for American Disability Act, and to ensure conformance with the California Building Codes. The city will select one or more firms, based on demonstrated competence and a cost effective approach to performing the plan check and inspection services.

II. BUILDING SERVICES

The City of San Pablo currently has a full services Development Service division, including Community Planning, Business Licenses, Building, and a Residential Health and Safety program. The Building Division has one full time residential building inspector, one .8 Administrative Clerk assigned to the Residential Health and Safety program, one 100% Senior Building Permit Technician, and several rotating staff at the One Stop Permit Counter. The City of San Pablo issued 850 building permits in 2014 (25% commercial and 75% residential). The One Stop Permit Counter is open Monday – Thursday from 7:30a – 6:00p. The City has 65% Spanish speakers. Improving the quality of construction, ensuring health and safety, ensuring design on plans meeting minimum standards is required.

The City of San Pablo has had a long-term contract with an existing service provider. In order to make the services and contract competitive and to ensure our line-item budget is aligned with services the contract is going out to bid.

Due to inadequate staffing, and the need for commercial inspection services we provide temporary staffing services by utilizing qualified firms to perform Building division duties on behalf of the City. The consultant selected will be required to analyze diverse range of plans and calculations for buildings of all types of construction. The consultant selected shall have a thorough knowledge of the 2013 Building Codes, referenced standards, and adopted amendments.

III. SCOPE OF SERVICES REQUIRED

The City of San Pablo is seeking the services of highly qualified consulting firm(s) to provide the following on call services to supplement the City’s existing Building division. The work may involve a complete plan check and inspection services of all the building trades involved in the permit or the City may request that only one of the trades.

- Plan check of complex structural, demolition, architectural, electrical, energy, mechanical, plumbing plans and specifications submitted as part of a building permit application to confirm compliance with applicable California Building Codes and adopted amendments by the City of San Pablo. Work shall include review of plans and specifications, written corrections and redlining of plans, communicating both orally and in writing to the applicant and providing code interpretation.
- Building construction and offsite inspection services to ensure construction conforms to the approved plans and the California Building Codes as amended by the City of San Pablo.
Pablo. Work shall include providing written documentation of inspection performed, issuance of stop work notices, and issuance of correction notices. The selected consultants must be able to provide inspection services within 24-hour notice.

- Perform health and safety inspections to ensure that minimum health and safety standards are being met.
- Perform occupancy inspections to ensure that minimum life safety requirements for existing buildings are being met.
- American with Disability Act plan check and inspection.
- In the event of catastrophe or emergency event provide plan check review and inspection teams to assist the City with building safety assessment emergency inspections and plan check services.
- On large complex projects coordinate with CEQA and special study experts such as geologist, biologists, and arborists.
- Refer applicants to the Planning Division to determine whether illegal construction can be constructed.
- Monitor trends and legislation and advise the City on appropriate ordinances and standard practices to adopt.
