## FOCUSING OUR VISION STAKEHOLDER FORUM

Please join regional agencies, local governments, and stakeholders in a collaborative planning effort called *Focusing Our Vision*. This effort builds upon the region's 2002 Smart Growth Strategy/Regional Livability Footprint Project.

Together we will now create regional priority development and resource protection areas that will guide future planning and development. The goals are to expand **housing and transportation choices**, promote **equity and efficiency**, and protect the **environment**.

Your participation will bring this shared planning strategy for the Bay Area into **sharper focus**.

### Monday, May 8, 2006

The Palace Hotel (Ralston Room), San Francisco
