#### **NOTES**

^The "OTHER" column references workshop participants whose mailing addresses are outside of the region, and/or workshop participants who are heavily involved in two or more counties

\*Data is based on the total number of distinct workshop participants (1,635) at the two rounds of workshops. Participants are counted only once even if they attended more than one workshop. Total numerical participation was 1,988.

# Categorized Workshop Participation

1,635 Distinct Workshop Participants\*

## Notes on Affiliation Categories:

"Appointed Governmental Officials" include LAFCO representatives and Planning Commissioners

"Public-Sector Planning and Redevelopment Staff" includes planning or redevelopment staff from cities, counties, regional agencies and the state

"State and Local Elected Officials" denotes elected officials who represent cities, counties and the state

"Miscellaneous Public-Sector Staff" denotes staff from all public entities excluding elected officials and planning staff

"Unaffiliated" includes individuals who do not identify with any particular affiliation or do not belong to any of the other affiliation categories

"Justice Advocates/Community Group Representatives" includes representatives from social justice, advocacy groups and grassroots entities

"Firms, Businesses, Employers" categorizes representatives from private-sector entities

"Environmental Advocates" include representatives from various non-governmental environmental protection groups

"Non-governmental Policy Organizations" include non-profit planning, transportation and policy organizations

## Footnotes:

\*Data is based on the total number of distinct workshop participants (1,635) at the Round 1 & Round 2 workshops. Participants are counted only once even if they attended more than one workshop. Also, participants of the three beta-test workshops, distillation meeting and the *Shaping Our Future* subregional workshops are not included in this data.

Percentages are rounded to the nearest percent.
